Dear Mr. Whitemarsh:

As we have discussed, the Environmental Protection Agency (EPA) is planning an investigation of the Pasco Sanitary Landfill. I am planning to meet with you and other interested county officials to discuss our plans on May 8, 1985 (County Courthouse, 10 a.m.). Enclosed are copies of the draft workplan for distribution and review prior to the meetings. Please call me at (206) 442-2712 if you have any questions.

Thank you very much for your assistance in this matter.

Sincerely,

Lori Cohen
